

The Winter Alps Bus Link - Omeo to Bright trial will continue over the 2010 season and is a partnership between the Let's GET Connected and North East Transport Connections projects, Department of Transport and Mt Hotham Resort Management Board. The bus service is also supported by East Gippsland & Alpine Shire Councils, Dinner Plain Alpine Village and the Omeo Region Business Tourism Association.

The Alps Bus Link will **operate three days per week between 30 May and 3 October 2010** and needs strong community/visitor support and use to demonstrate the need for a permanent service.
